HOW TO PLAY

1

Print the next page.

Both word boxes are on it.

2

Set a timer for fifteen minutes.

Alvin's own rule.

3

Write as many sentences as you can.

One word from each box, every time.

4

Only one word from each box.

That is the single rule that makes it a game.

A note for grown-ups

Let the child say the sentence out loud before writing it. Speaking it first makes the writing easier.

THE WORD BOXES

Write as many sentences as possible by connecting words from the boxes. For each sentence use only one word from each box.
