HOW TO PLAY

1

Look at the blend.

Two or three letters that make one sound together - BL, STR, PH.

2

Write six words that use it.

The blend can sit anywhere in the word.

3

Pick three of your six.

Any three.

4

Put all three in one sentence.

One sentence, three of your own words. That is the whole game.

A note for grown-ups

Blends are a sound before they are a spelling. Ask the child to say the blend on its own first, then go hunting for words that contain it.
