HOW TO PLAY

1

Pick a pair from the chart.

Fifty-five of them, two words each.

2

Make one sentence using both.

Both words have to appear, in any order.

3

Write it on the line beside the pair.

One sentence per pair.

4

Make it longer than it needs to be.

The pair is the start, not the whole sentence.

A note for grown-ups

Let the child say the sentence out loud before writing it. Speaking it first makes the writing easier.
