HOW TO PLAY

1

Look at the big word.

It sits in the biggest bubble on the page.

2

Make new words from its letters.

Every letter you use must come from that big word.

3

The first one is done for you.

Copy the idea, then fill the nine empty bubbles.

4

Check at the back.

The answer pages list twelve possibilities for each word - more than ten, so there is room to be right in a different way.

A note for grown-ups

Say each small word out loud as it is found. Hearing it is half the lesson.
